

Providing innovative HVAC solutions, parts and service across the state of Michigan through exclusive representation of over 30 original equipment manufacturers

**Daikin Applied**

- Chillers – Scroll, Screw, Centrifugal & Magnetic Bearing
- Condensing Units
- Air Handling Units
- Water Source Heat Pumps
- Vertical Self-Contained A/C Units
- Fan Coil Units
- Unit Ventilators

- Semi-Custom HVAC Systems:
  - Indoor / Outdoor Rooftops
  - Variable Speed Compressors
- Dedicated Outdoor Air Systems
  - Make-up Air Units
  - Energy Recovery
  - Water Heat Pump or DX Condensing Unit
  - Packaged Controls

**Daikin VRV & Light Commercial**

- Variable Refrigerant Volume (VRV)
- Air & Water Cooled Condensers
- Ducted & Duct-Free Cooling Units
- Single & Multi-Zone Split Systems
- Packaged Rooftop Units
- Intelligent Rooftop Units
- Intelligent Building Management Systems

**75F**

- IoT-Powered Building Management Solution (BMS)

**Air Flow Equipment**

- Custom Air Handling Units
- Knocked-Down Units
- *Made in Michigan*

**Brasch**

- Electric Duct & Cabinet Unit Heaters

**Broad**

- Direct, Indirect-Fired, Steam & Hot Water Absorption Units
- 60 to 3,000 Tons

**Changeair**

- Vertical Unit Ventilators: Hydronic, Gas, or Electric Heat
- Energy Recovery Unit Ventilators
- WSHP Unit Ventilators

**ClimaCool**

- Air & Water Cooled Modular Chiller Systems
- Water-to-Water Heat Pumps
- Heat Recovery Chillers

**Compu-Aire**

- Computer Room A/C (CRAC)

**CORE**

- Sensible / Latent Energy Recovery Cores

**Dadanco**

- Chilled Beams
- Induction Units

**Global Plasma Solutions**

- Needlepoint Ionization
- Sensors

**Hays**

- Automatic Balancing Valves
- Piping Packages for Fan Coils, Unit Ventilators & Heat Pumps
- Custom Hose Kits
- Pressure Independent Control Valves

**Heat Pipe Technology**

- Energy Recovery & Dehumidification Heat Pipe Systems

**Innovent**

- Energy Recovery
- Custom Air Handling Units
- Make-up Air Units
- Ice Rink Dehumidification
- Natatorium Environmental Control Systems
- Data Center Systems

**Johnson Marcraft**

- Air Rotation Systems
- Direct/Indirect Gas-Fired Heating & Ventilation Systems
- Make-up Air Units

**Lennox**

- Commercial Rooftop Units
- Furnaces & Condensing Units

**Motivaire**

- Process Air, Water Cooled & Free Cooling
- Closed Loop Cooling Systems

**Neptronic**

- Steam-to-Steam Humidifiers
- Steam-to-Humidifier Manifolds
- Electric-to-Steam Humidifier Generators
- Gas-to-Steam Humidifier Generators

**Omega**

- Vertical Stack Heat Pumps
- Hybrid Heat Pumps

**Oxygen8**

- DOAS with VRV Integration
- Energy Recovery Ventilators

**Q-Pac**

- ECM Fan Arrays

**Reznor**

- Gas Heating Equipment
- Make-up Air Units

**Riptide**

- KPI-based Building Portfolio Management System

**Seasons • 4**

- Direct Replacement HVAC Systems (Multi & Single Zone)
- Custom HVAC Systems

**SEMCO**

- Energy Recovery Systems
- Desiccant Wheel Units
- Outside Air Pre-Conditioner
- Chilled Beams

**Seresco**

- Commercial & Residential Natatorium Dehumidification Systems

**Sigma**

- Hydronic Fin Tube Radiant
- Convectors & Unit Heaters
- Radiant Wall Panels
- Radiant Ceiling Panels
- Custom & Standard Fan Coil Units
- Cabinet Unit Heaters

**Steril-Aire**

- UVC Replacement Emitters
- Ultraviolet Germicidal Irradiation (UVGI) for Air Handling Unit Systems

**Systemair**

- Energy Recovery Air Handling Units
- ECM Solutions

**TMI Climate Solutions**

- Custom Air Handling Units
- Pre-Fabricated Central Utility Plants
- Knocked-Down Units
- *Made in Michigan*

**Valent**

- Packaged Rooftop Units for High Outside Air Application
- Compact Footprint Energy Recovery Units
- Fan Array Solutions

**Yaskawa**

- Variable Frequency Drives
